

YOUR PRODUCTION PERFORMANCE STARTS WITH THE RIGHT ROLLER

From the design of your rollers or cylinders to their production and covering, Hannecard supports you at every step.

ROLLERS AND CYLINDERS FOR ALL YOUR NEEDS

In steel, aluminium, glass fibre or carbon fibre

From Ø 10 mm to Ø 2 500 mm

From 4 to 12,000 mm long

ONE SINGLE RESPONSIBLE PARTNER

We take care of the complete roller + covering package. One single point of contact, full responsibility.

ADMINISTRATIVE SIMPLICITY

One single order instead of at least two, plus transports. Less administration, more efficiency.

PROVEN EXPERIENCE

We have been working for many years with a large number of machine builders.

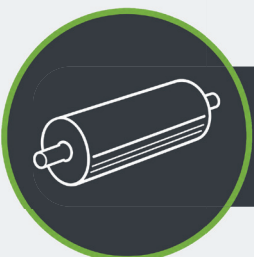

SECURING YOUR PRODUCTION

Production reliability depends on the availability of spare parts for critical positions.

AVOID COSTLY DOWNTIME

A stopped roller can bring an entire production line to a standstill.

ROLLER + COVERING

ONE SINGLE PARTNER. FULL RESPONSIBILITY.
