

LabelPress-XP

Cover Type:	Polyurethane	
Possible applications:	Counterparts for label printing	
Hardness Range:	95 Shore A	
Available Colours:	black, red	
Recommended Cover Thickness:	min. 6 mm - max. 20 mm	
Temperature resistance:	Dry:	continuous 75°C / peak 85°C
	Wet:	continuous 45°C / peak 55°C
Properties and advantages:	Excellent resistance to deformation even in continuous process. Very high load resistance, very good dynamical properties with low heat build-up. Remarkable abrasion, cut and tear resistance. High resistance against printing solvents.	
Specific characteristics:	Improved web release properties Permanent surface roughness	
Recommended cleaning products:	Water, soap & detergents, alcohol based cleaners
